

**RIETER**

# Rieter Textile Systems

**Peter Gnägi**

**CEO Rieter Textile Systems**

your systems supplier

Rieter Textile Systems  
[www.rieter.com](http://www.rieter.com)

## Mission

### To be

**the preferred**

**System Supplier**

**for fiber processing**

**Best price performance ratio**

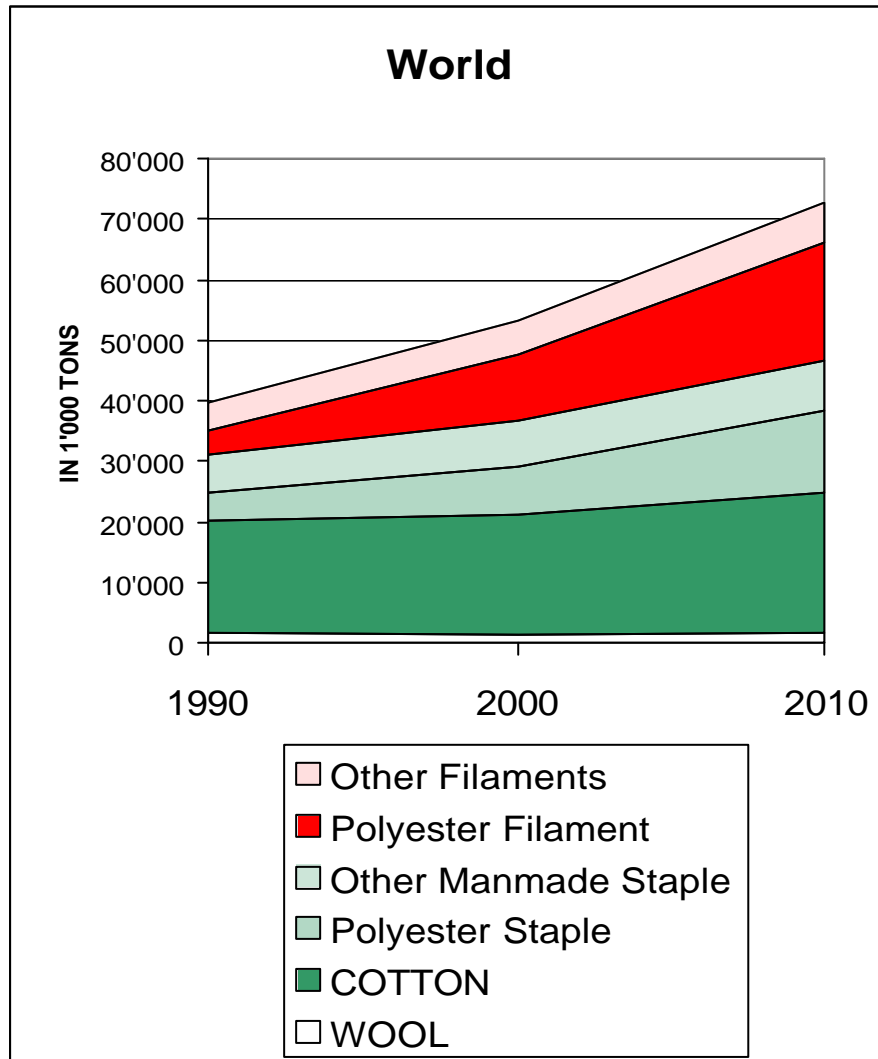

**Integrated solutions for**

- Processing
- Engineering
- Commissioning
- Support-Services

**all fibers**

- natural fibers
- man-made fibers

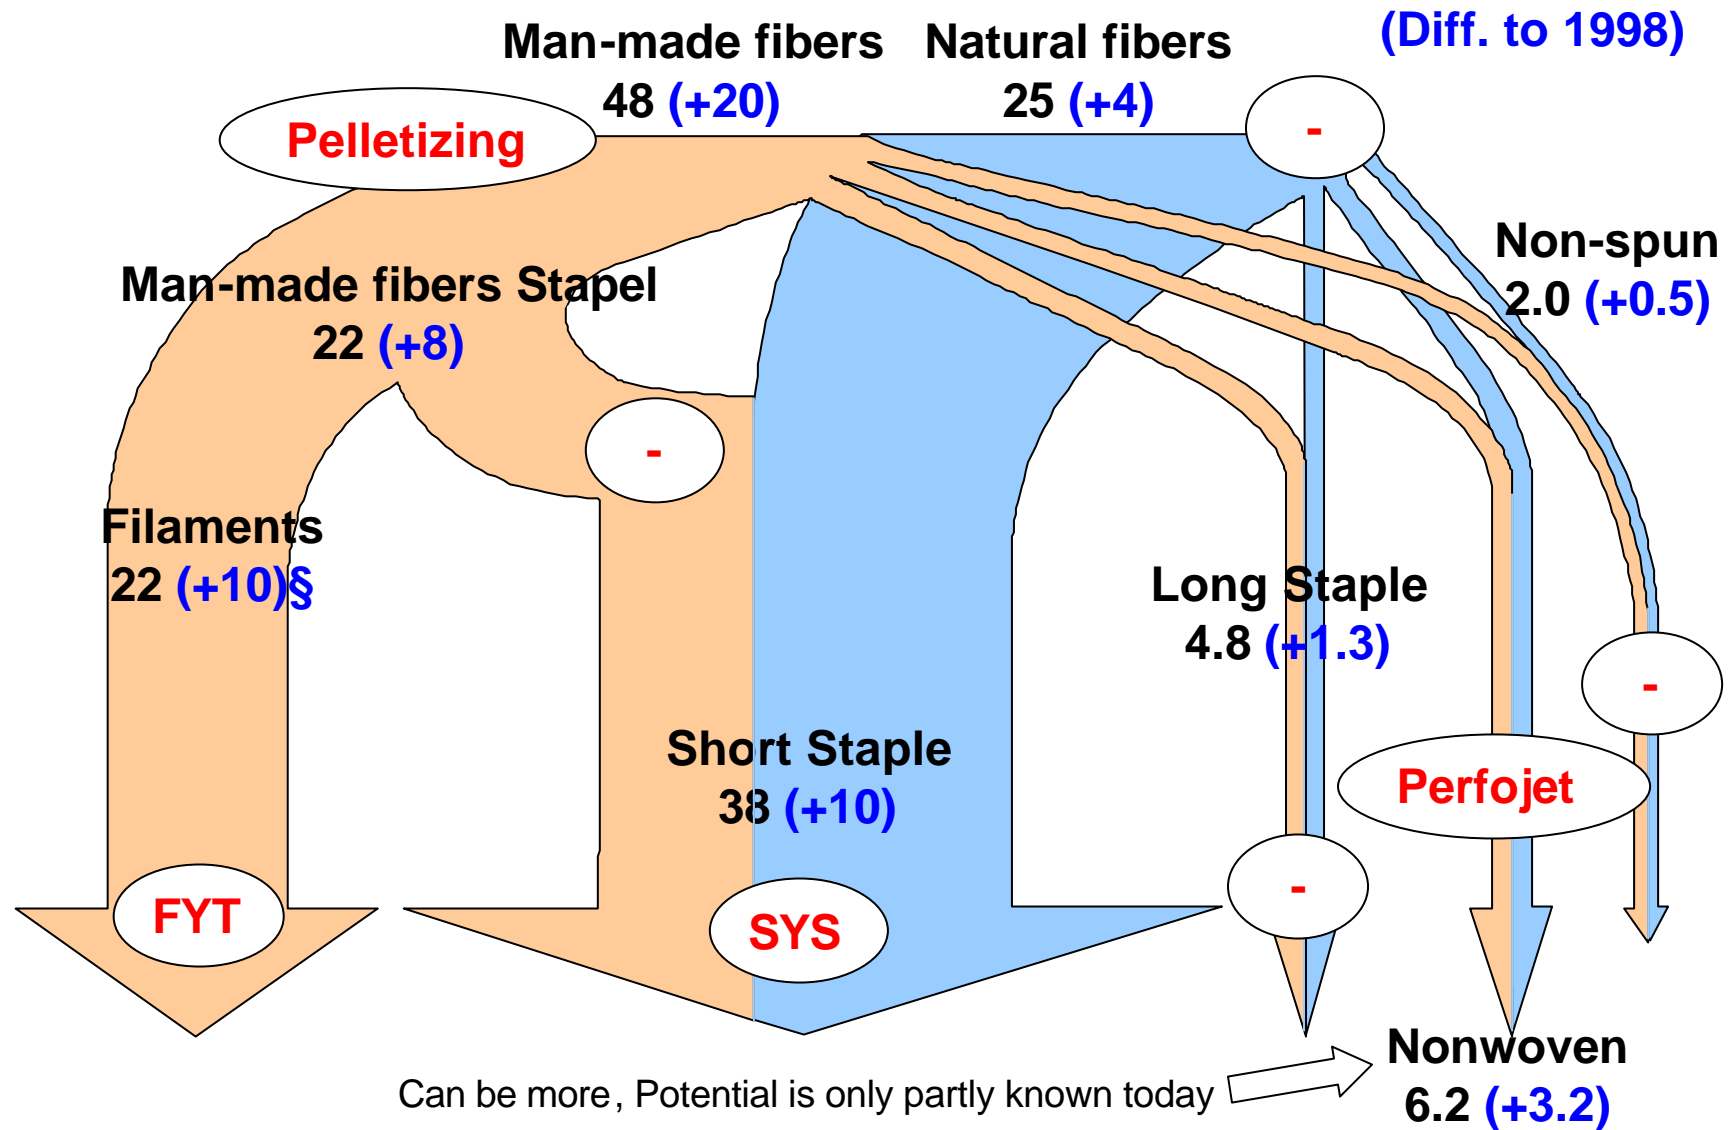

## Our future market will be in Asia

	<u>2000</u>	<u>2010</u>
• China	26%	34%
• India	9%	10%
• Turkey	4%	4%
• Rest of the world	61%	52%

Source: PCI Fibres & Raw Materials

# World Fiber Consumption will be 73 Mio to in 2010

## Five Fields of Business

**Spun Yarn Systems**

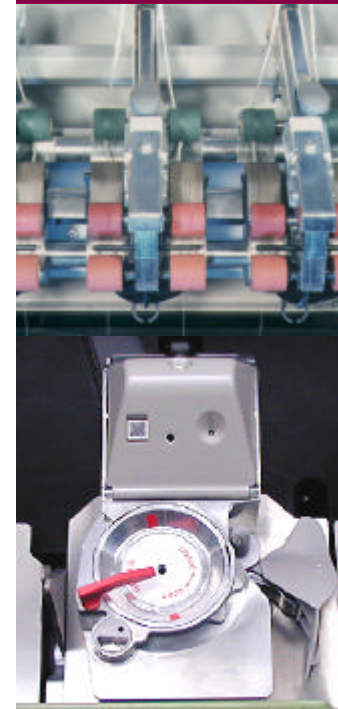

**Filament Yarn Technologies**

**Nonwovens and  
Plastics Machinery**

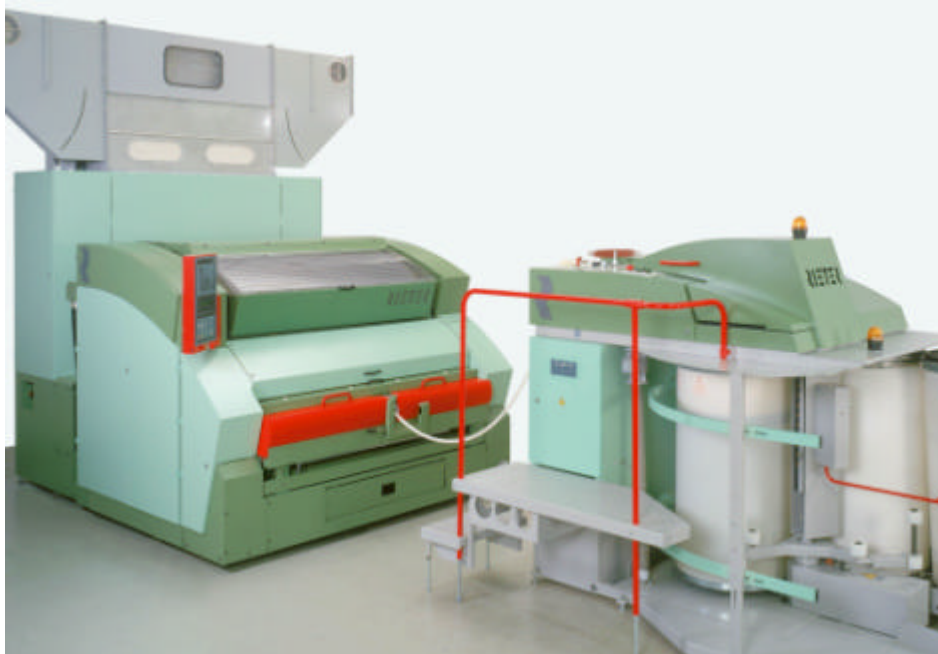

**Technology  
Components  
and  
Conversions**

**Manufacturing  
Services /  
internal  
Suppliers**

## The Rieter Rotor Systems - the shortest Way....

Card C 60

Module RSB-D 35

Rotor spinning machine R 40

**...to spin quality rotor yarns economically**

## New System to monitor individual Spindles

**ISM - individual spindle monitoring with SPIDERweb**

## Texturing Machine Goal 1201 SDS

## Direct Cabling for High Quality Industrial Yarns

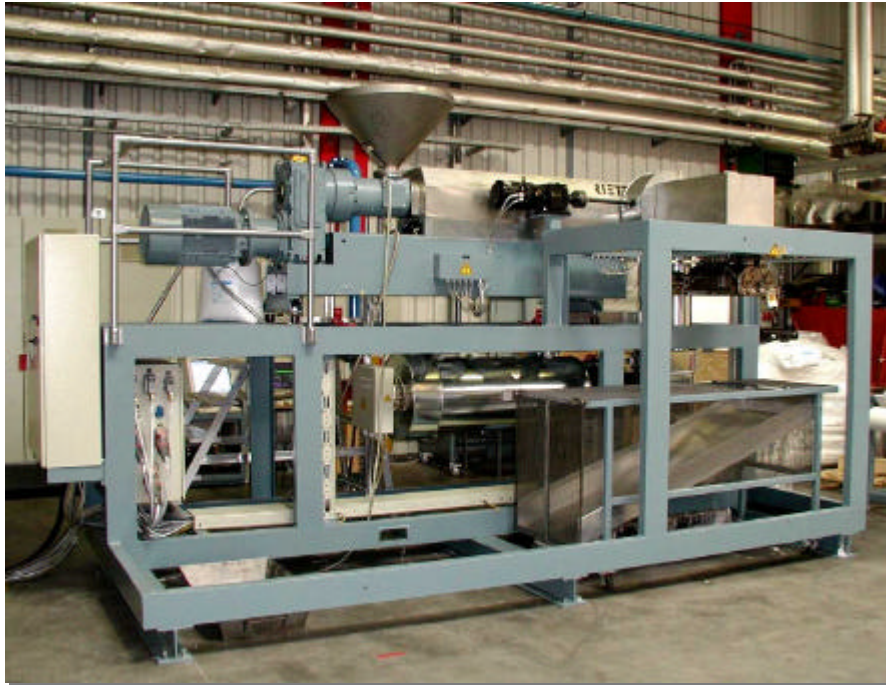

Twisting & cabling machine  
for the  
tire cord market  
CP G3

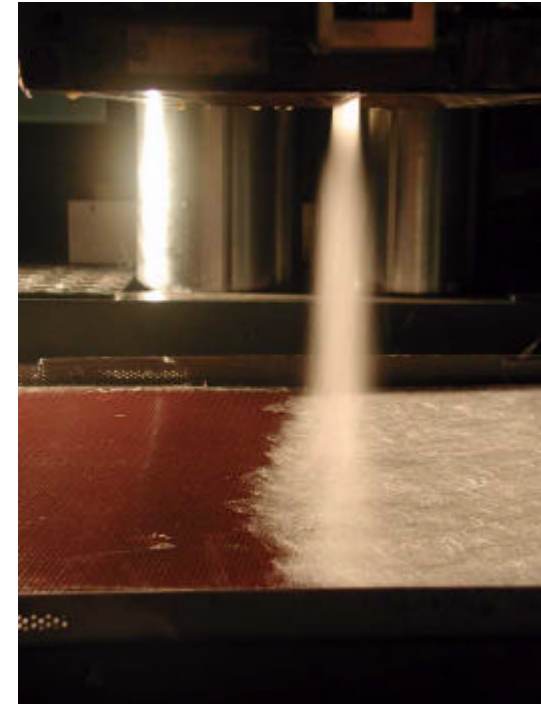

## HPtexturing

## Meltblown Solution - EMBLO

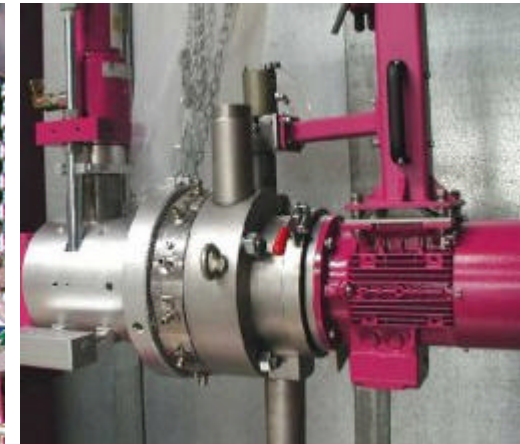

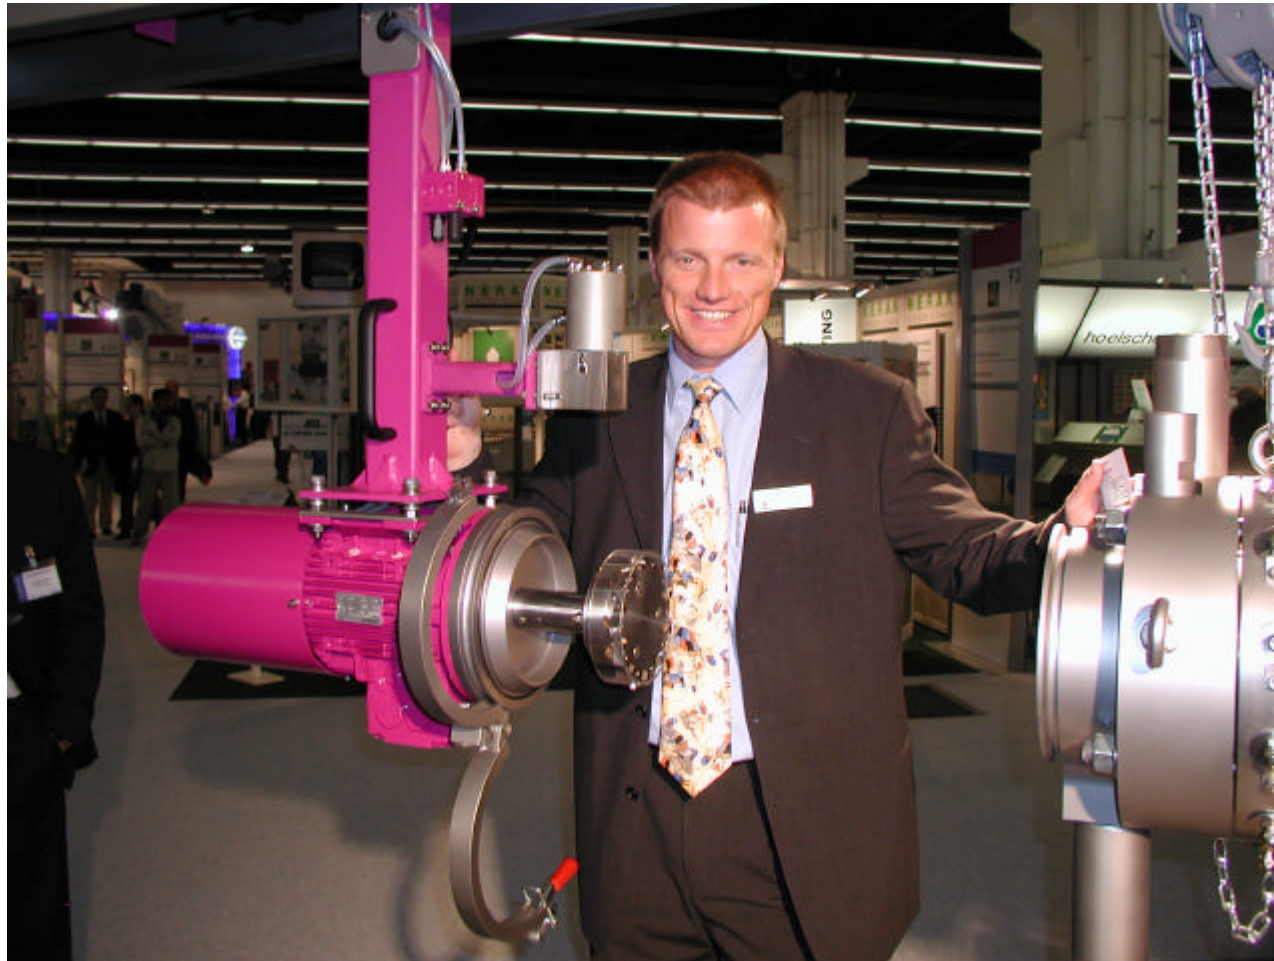

Stand-alone system  
for customer trials

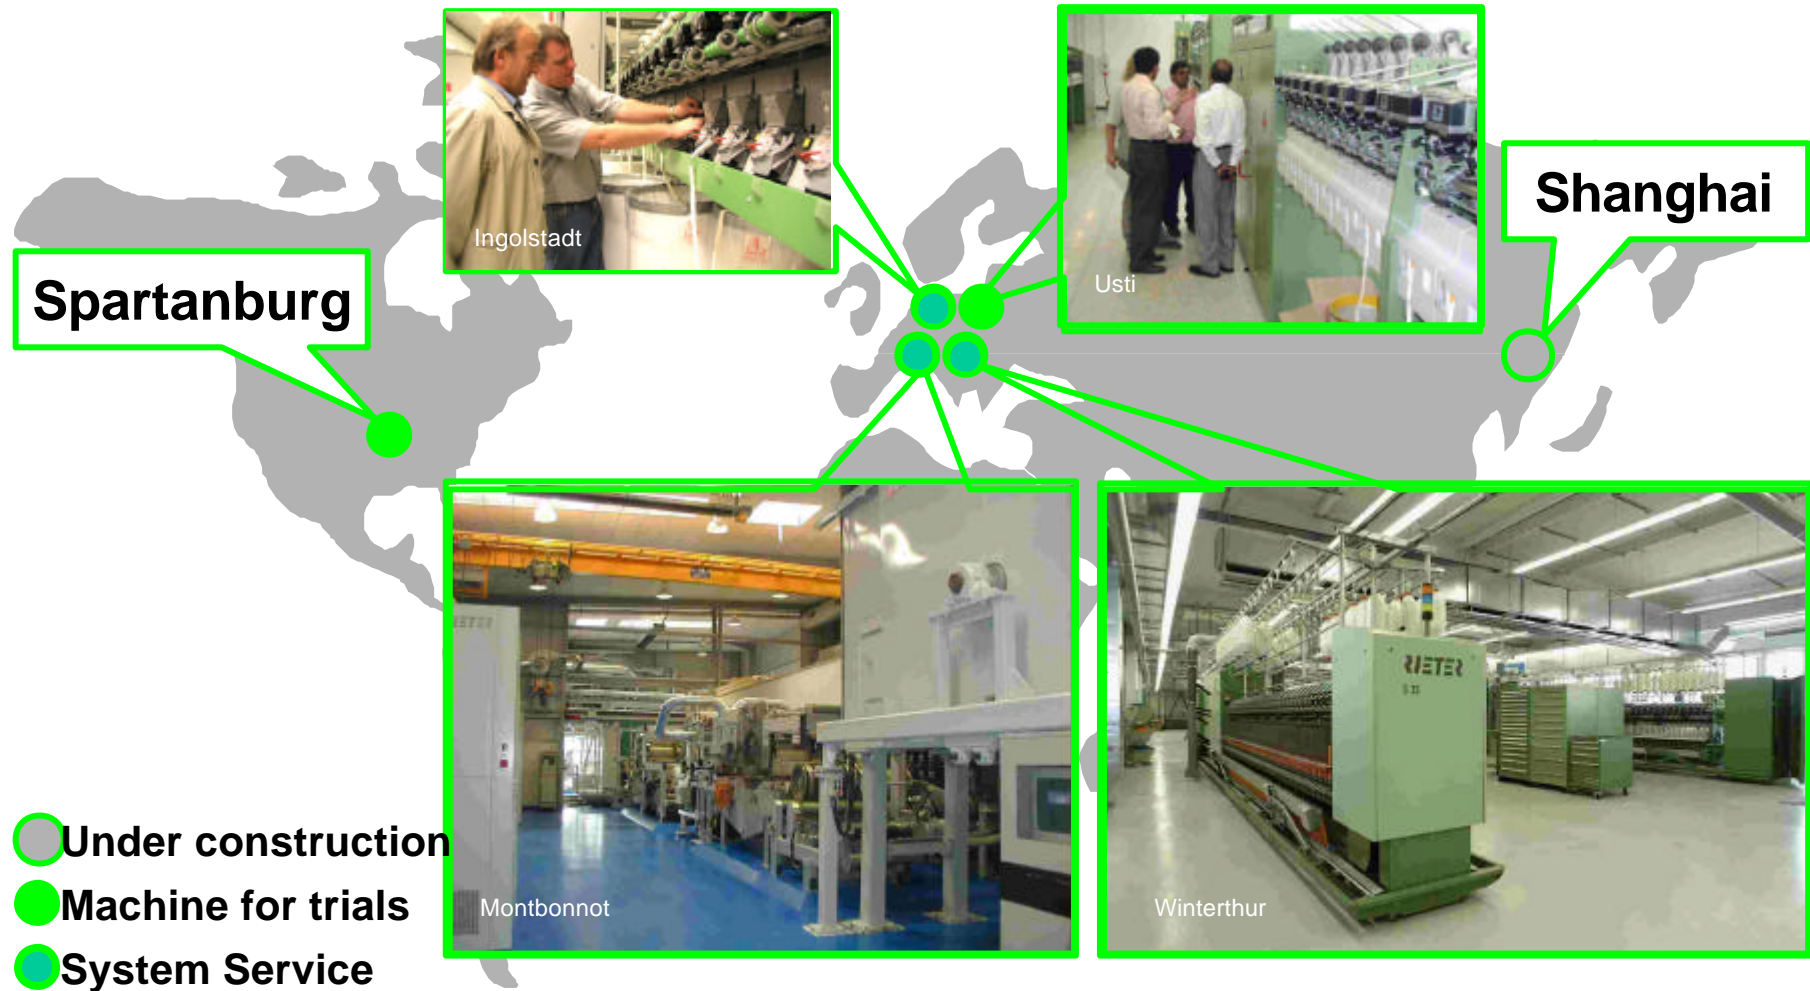

Integration into Spunbond lines  
(SMS, SMMS)

## New Underwater Die Face Pelletizing System - SPHERO

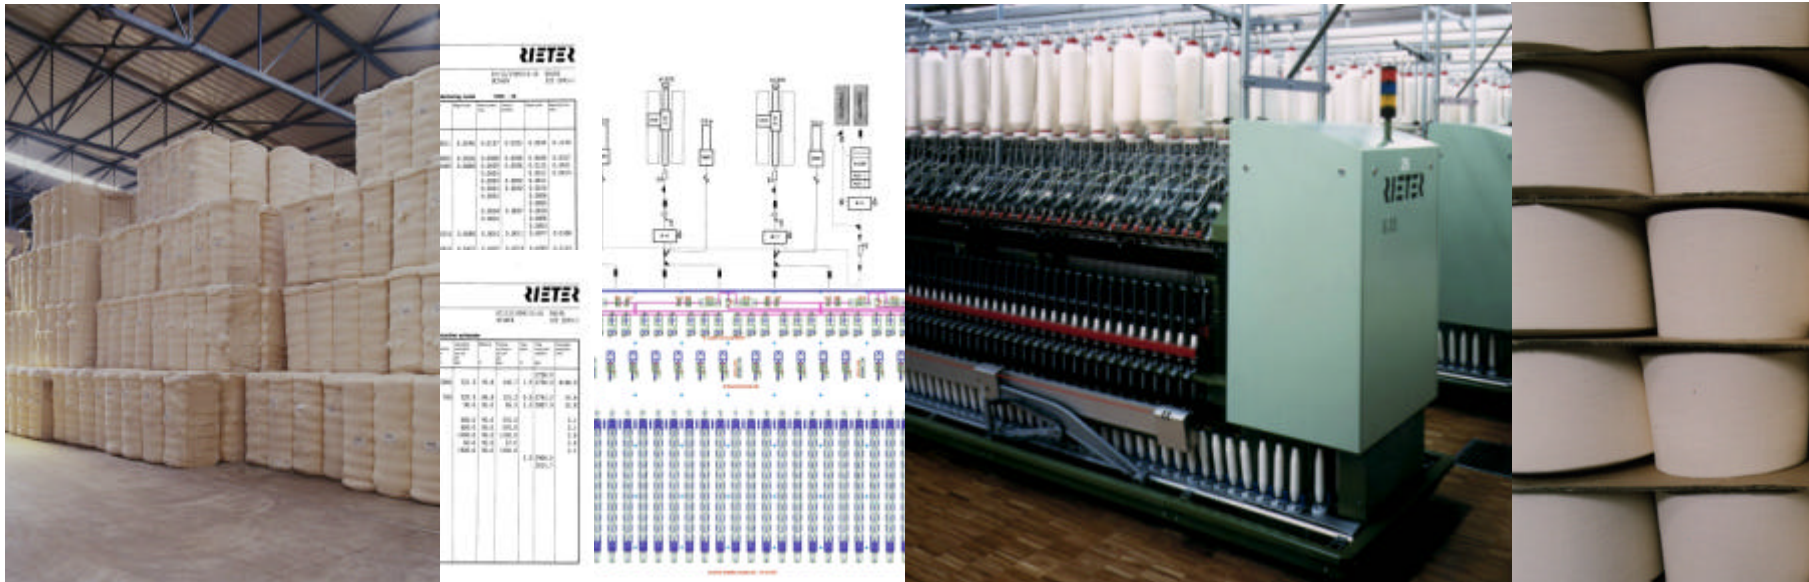

## Technology Centers for Best Customer Support

## 23 Electronic Service Centers

## Project from Engineering to Production

### Feasibility study

- Simulation
- Spin schedule
- Manufacturing costs

### Mill planning

- Layout
- Automation
- Infrastructure

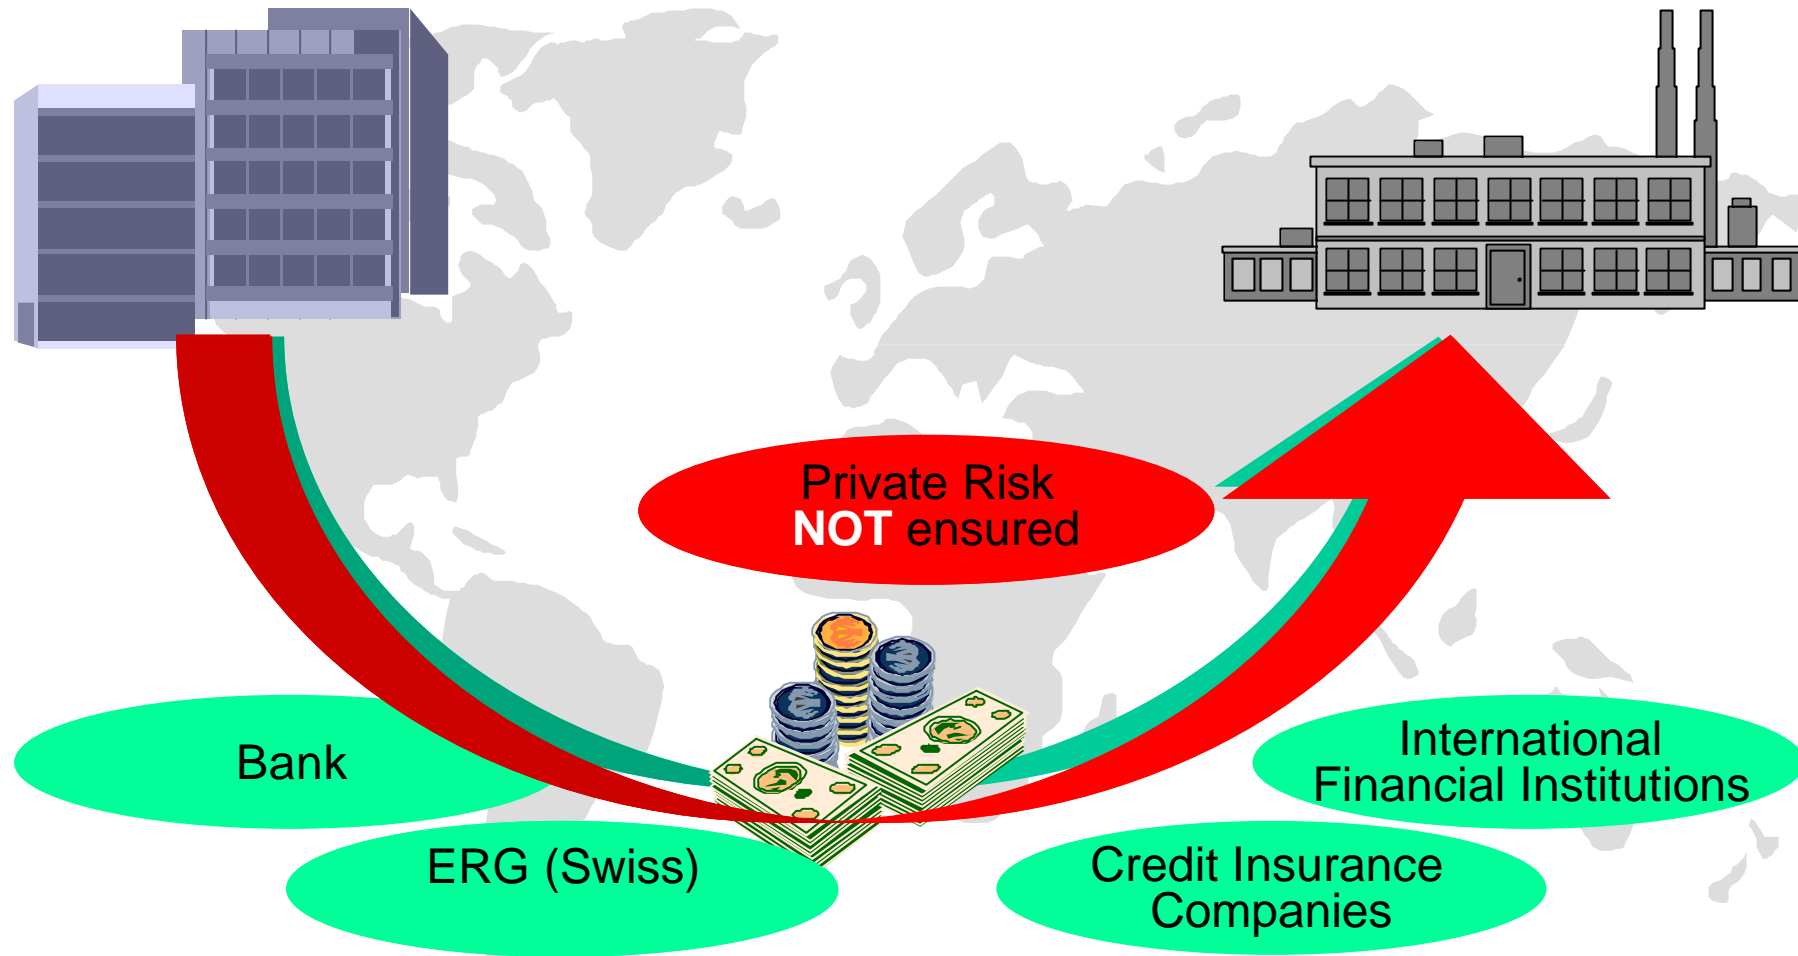

### Project management

- Engineering
- Coordination
- Hand over

# High Importance of Financing Solutions

## Disadvantage for Swiss exporters

## Mount Vernon Mills - Testimonial

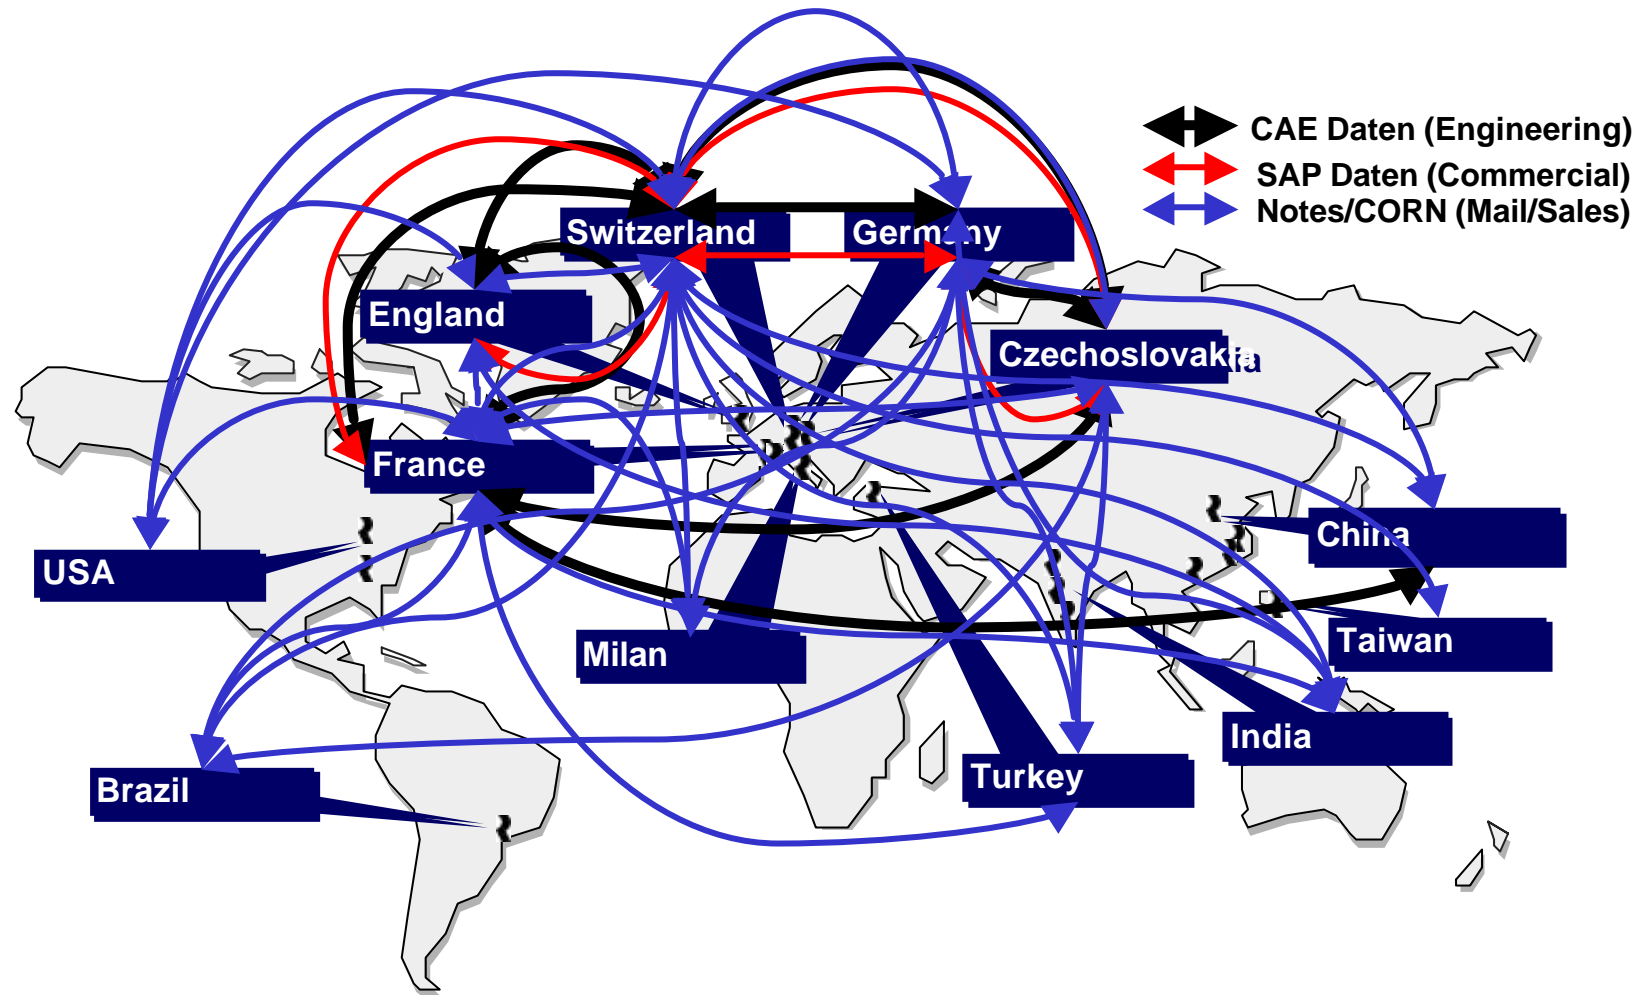

Customer is pleased with Rieter  
see article enclosed

## Suitable Work Places

## Communication Networking in a Global Organisation

## Permanent Training and Fostering of Junior Staff

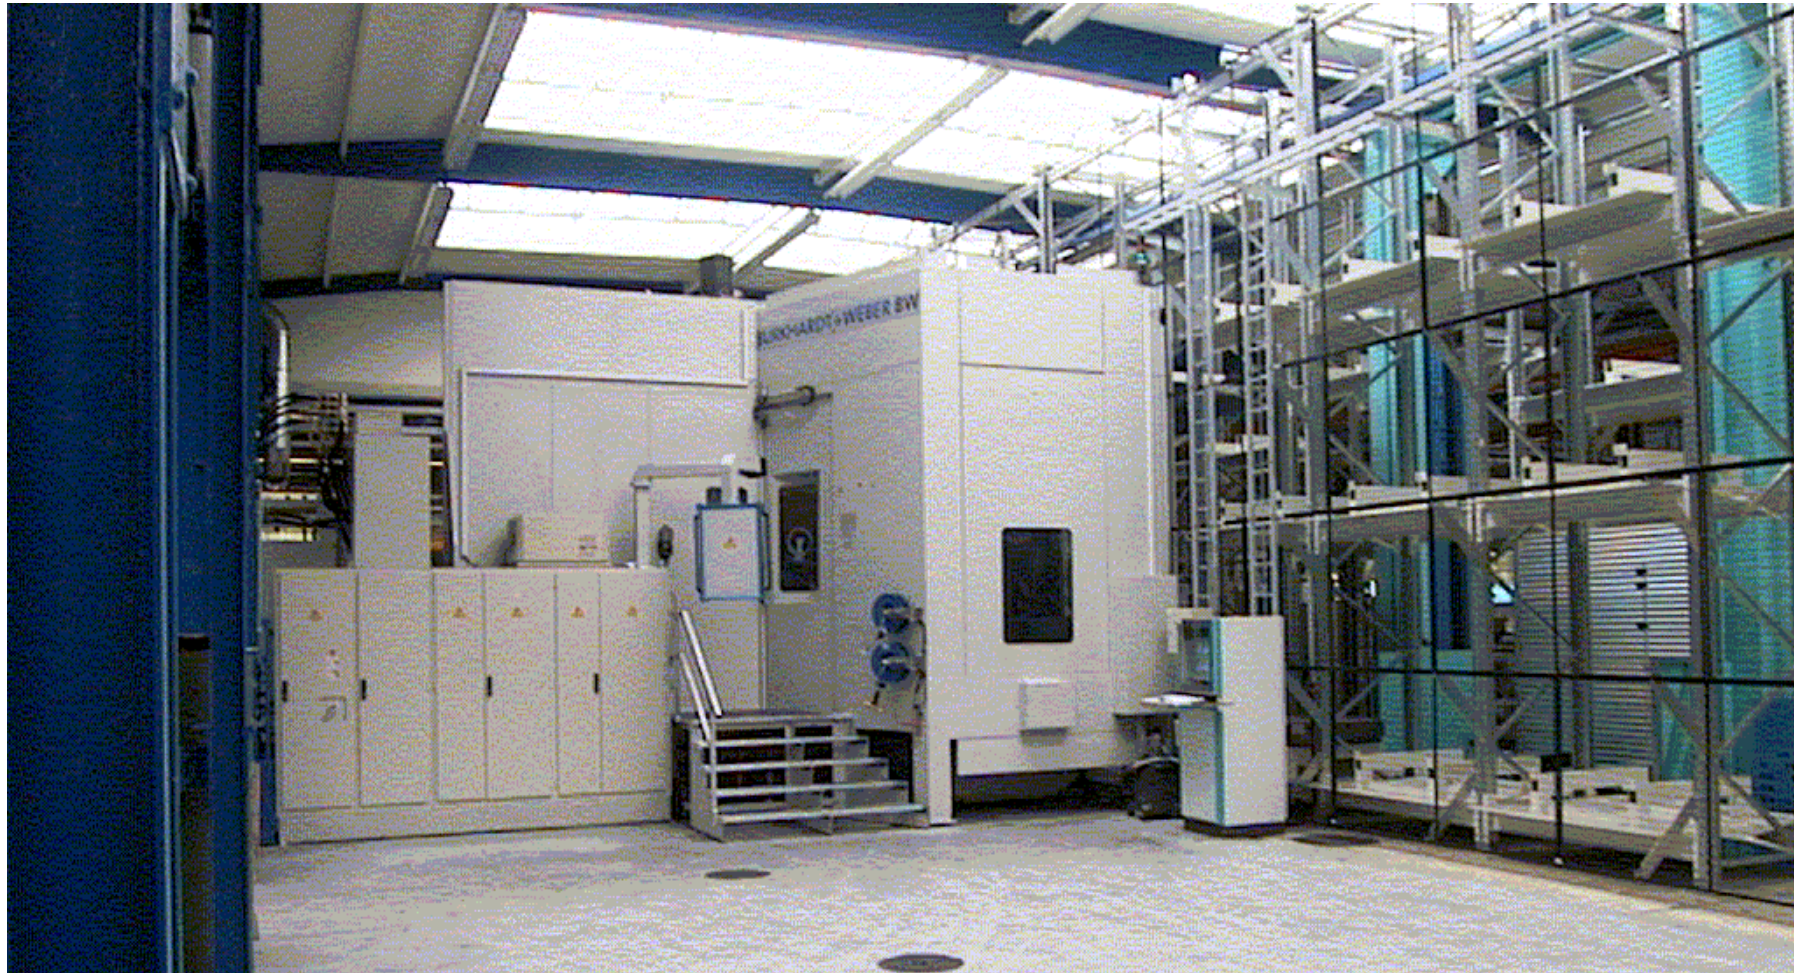

## „Made in Europe” - Keep to European Advantages

- **Advanced Technology**
- **High and constant quality**
- **Competitive advantage by innovation**
- **Advanced financing services**
- **Premium local service**

**Premium image**

## Investment in Manufacturing Center in Winterthur

## Manufacturing Center - Return of Investment

- **Above CHF 5 Mio total investment**
- **More than 40% reduction of manufacturing time**
- **System runs productively 6'000 hours per year (125 h/ week)**
- **Only 3 employees run the entire system**
- **Minimum supervising in particular during night / weekends**
- **Introduction of a new flexible working schedule**
  - **Machine notes problems per SMS automatically**
  - **Employees decide the working schedule on their own responsibility**

## Our Mission
