Winterthur – October 8, 2018

Revamped Website of Rieter

The website of Rieter features a new design. An important goal for the revamped design of the website was to make it easy for website visitors to find the required information and to provide more comprehensive information. To this end, the website gives customers access to the world of Rieter's systems, machines, components, replacement parts and services in the most easy and convenient way.

The homepage provides an overview of all there is to know about Rieter Group and shows current events at a glance. The content relating to the areas of Investor Relations and Careers has been significantly expanded with a lot of additional information. Regardless of the screen size, the new website is displayed on all devices, like smart phones or tablet computers, making it a pleasure to surf.

About Rieter

Rieter is the world's leading supplier of systems for short-staple fiber spinning. Based in Winterthur (Switzerland), the company develops and manufactures machinery, systems and components used to convert natural and manmade fibers and their blends into yarns. Rieter is the only supplier worldwide to cover spinning preparation processes as well as all four end spinning processes currently established on the market. Furthermore, Rieter is a leader in the field of precision winding machines. With 17 manufacturing locations in ten countries, the company employs a global workforce of some 5 250, about 20% of whom are based in Switzerland. Rieter is listed on the SIX Swiss Exchange under ticker symbol RIEN. www.rieter.com
